

Peel Ply  
Style: 50281/CALD/COLD

Precision Fabrics Group uses both sophisticated weaving technologies and unique finishing chemistries to create performance fabrics that meet the stringent requirements of today's high-tech markets. Our Peel Ply fabrics include a family of nylon, polyester, and Dupont™ KEVLAR® fabrics produced in a range of finishes. These finishes include scoured/heat-set, siloxane, printed, fluorocarbon and VLP finish. PFG is the only fully integrated supplier of peel ply products, from product development to weaving to finishing, it is all produced in-house to specifications established in conjunction with our customers. PFG is also a premier supplier of highly engineered woven fabrics for cleanroom, medical, industrial and home furnishings markets.
